A great facility at VELOCITY SPORTS PERFORMANCE in Trumbull, Connecticut and great preparation by meet director Gary Valentine, the man behind the Connecticut Weightlifting Club. Gary produced a fact filled program including history and lifter bio's complete with color photos. One slip was that our official scale was three months tardy in certification, which may make Dick Chester's 41kg USA Masters record not acceptable. We assume that this meet will be held same time and place next year. Reno
